Report of the Board of Education.

This is the time of year when it is the duty of the School Board to render its annual report.

The East school has been taught the three terms by Elizabeth Sawyer.

The West school was taught in the spring term by Dorothy Palmer, who resigned during the summer vacation. Georgiana Hodgdon taught the fall and winter terms.

The North school for the spring term was taught by Carrie Robie, who resigned at the end of the term to the great disappointment of the North District.

Great difficulty was experienced in obtaining a teacher for the fall term, as there were no applicants.

Alberta K. Winslow, of Newburyport, taught the fall and winter terms.

The North school has had more repairs than the other two schools, it being necessary to shingle the east side of the roof, paint the woodwork, repair the brick walls, fix the sill and schoolhouse floor and repair the out-building and grade around the schoolhouse.

The East and West schools have had very little repairing, except setting glass, etc.

The expenses have been a little larger this year, as the old readers have been used so long that it was necessary to buy new ones. They now have the Brooks' new series from the first to the seventh grade.

Each school was furnished with a new map of the world.

There are so many pupils attending schools out of town that the cost of tuition will exceed by nearly two hundred dollars the amount appropriated.

The three schools show an attendance of 65 pupils, 40 in the North school (17 boys, 23 girls), 6 in the West (2 boys, 4 girls), 19 in the East (8 boys and 11 girls).

ROLL OF PERFECT ATTENDANCE.
